

## Important message from the Utah

December 13, 2007

Hello everybody. I apologize if this email is how you are receiving this news, but our good friend Jeremy Hill died over the weekend... It broke my heart when I heard the news and I'm very sorry to be delivering it to you. Jeremy was such a cool guy and I'm never gonna forget his smiling face and that mischievous laugh. It's just all so sad.

Bridget set up a special page on her website with all of the pictures and video of Jeremy she could find:

We are planning a couple of things for this coming Monday as a memorial to Jeremy:

- We are going to pass around a journal for people to write their thoughts or the memories of Jeremy. We're going to mail this journal to Jeremy's family back in Michigan, from one family to another.
- We are going to collect donations to help Jeremy father with the funeral costs
- If you have any photographs of Jeremy, please bring them to the Utah on Monday or email them to me. Bridget is going to put together 2 photo albums for Jeremy's family
- If you have any recordings of Jeremy (outside of the Utah live recordings) that you'd like to share with his family, please forward those to me as well
- Courtney Nicole was very generous in rescheduling her feature (to Jan. 21)
- We are encouraging people to cover one of Jeremy's songs. If you'd like to cover one of his songs, but need a reference recording, drop me a line - I have recordings for the following songs:

Broken Hearted  
Couldn't tell you why  
I am yours  
Involuntarily  
Just 14  
Maybe tomorrow  
Miss Sadness  
Mr. McGee  
Naked  
Second  
Stronger than strong

Sunny meadows  
Take yourself back  
The Fourth of July  
Wine and dine  
You think

A special thanks goes out to Bridget for organizing most all of this and getting in contact with Jeremy's family.

Hope you're doing ok. see you soon - JJ
